

BayLan Optical Fiber Unit Box
8Port SC/FC Surface Mount
BOUB081L08MWC (8port SC)
BOUB081L08MWF (8port FC)

BayLan Wall Mount Optical Fiber Unit Box for fast and convenient cable laying and distribution on optical distribution rooms frames. Small ODF (optical distribution & termination box) is designed specially for FTTH / FTTB applications, of which the application needs small fiber count. It is suitable for internal Optical terminal in Optical fiber system and FTTH.

Features:

- 8Port Optical Fiber Unit Box Plastic Body & Metal Shelf
- The casing is made of high quality ABS, compact and lightweight
- Lightning strike, erosion, aging resistance
- Splice Trays optimized
- Including Couplers
- Heat shrinkable protecting tube, hang tools available
- Up to 8 cores splice capacity
- Outside dimension (LxWxH): 280x150x40mm
- Advanced internal structure design
- Easy to re-enter, it never requires re-entry kits
- SC – SC / FC – FC adapter version
