Compared to the traditional Thermal Receipt printer, Mini printer has smaller body, more reliable capability, more steady printing and portable advantages. The mini printer cable work on a lot of locations, such as TAXI bill printing, administrative fees receipt printing, post receipt printing, restaurant ordering information printing, online payment information printing, etc. With the rapid popularity of smart-mobile, tablet and so on, Mini printer will be more widely used in the near future.

Applications:

- The mobile police system
- The tobacco distribution system
- The utility meter reading system
- The mobile office / mobile logistics systems

Features :

- It applies mobile products to supporting the use, and suited to outdoor work environment.
- The feature has small size, lightweight, reliable performance, simple to connect.
- Mini Size, Double Injection molding & Rubber Protection around, durable enough for anti-dropping
- Support Windows, Android, iOS
- High printing speed 75mm/sec
- Exclusive Power indication
- Standby mode to save power
- SDK for Android & IOS

Specifications are subject to change without prior notice with advancement in technology.

- The portable instrumentation
- Non-Slip Design (Salient Points on the rubber of two sides)
- Support USB, Power Adapter or Power-bank Charging
- The testing equipment, ancillary equipment
- Low operating costs (no ribbons, ink cartridges)

Print Method	Thermal Line Printing
Print Speed	75mm/sec.
Print Head	50KM
Resolution	203dpi
Effective Paper Width	72mm (576dot)
Paper Dimensions	79±0.1mm x diameter 40.0mm
Paper Thickness	0.06 ~ 0.08mm
Power Supply (optional)	USB/Power Adapter
Battery Lithium	2000mAH
Battery Duration	At least 100m continuous printing More than 500times Lifespan
Power Alarm	Battery need to be charged when battery light turns off & red Lights turns on
Battery Charging	Quick Charging : About 4 hours to reach full charge
Character Size	384 dots/line Font A: 12*24dots / 1.5x3.0mm (WxH) Font B: 9*17dots / 1.1x2.1mm (WxH) Simplified /Traditional : 24x24 /3.0x3.0mm (WxH)
Printing Chinese Characters	Chinese: simplified Chinese 24x24 point, support 18030 font library, Support Taiwan and HK traditional(complex font)
Barcode Type	CODE39/EAN-13/EAN-8/CODABAR/CODE93/ITF/QR/PDF417
Emulation	ESC/POS compatible command set
Interface	Bluetooth 4.0 & BLE + USB OR WIFI+USB
Paper loading Method	Drop-in easy loading
Character Set	Alphanumeric
Data Buffer	Upto 10K bytes
Other Features	Paper detection, Power detection, Manual shut down
Color	Orange/Grey
Environment	Operating : 10°C ~+ 50°C , 20%RH ~ 85% RH Storage : -20°C ~ + 70°C , 5%RH ~ 95% RH
Dimensions	113(L) x 103(W) x 45(H)
Weight	335g (Including Paper reel & Battery)

Specifications are subject to change without prior notice with advancement in technology.
